## True Religion and False Religion (Mark 12:35-44)

The Mormon Tabernacle at Salt Lake City Utah reflects a significant

When it comes to the one and only true religion of Christianity, we need to be truth detectors. Not only so for the infiltration of the false religion of the outside world, but the false religion that can develop in our hearts + minds. So how do we gauge the true and the false of religions? I believe we can see and discern between the true by what is being given in our text. I believe that is exactly what Jesus is setting forth in our text. Every Christian can discern between true religion and false religion by applying the three truths found in our text.

## I. A False Expectation (35-37)

True religion has everything to do w/ truth and in all the world there is only one person that embodies the

Jesus is not ~~Schmuck~~ come lately truth all script

**A. A Scriptural Truth** - To set the scene of a false expectation note the question of Jesus: Vs 35. Note: Jesus validates the human person but validates the H.G. inspiration of Scripture. Quotes P 110:1 The Lord (Sehovah) said unto my Lord (Adoni)...

Jesus whole argument is that David would never call his offspring <sup>of David</sup> Lord if there were just mere human offspring. How could messiah be of the seed of David and merit the name of God. The incarnation! The application to steer us clear of false expectations is the script

**B. A Scribal Twist** - What is Jesus aiming at. To us it may be a little unclear. The mind set of the scribes, the people and for that matter the disciples is, that Messiah would be a strong warrior king like unto David, that would overthrow the Roman rule and set up an earthly everlasting kingdom. Jesus is saying Messiah is not coming like you expected him to. He is not coming to bring God to men. He is coming to bring men to God. World is looking for a man. Cults look for a man. Church look for a man.

**II. A Phony Exercise** (Vs 38-40).

One of my favorite messages by a friend of mine is called "You might be a Pharisee if..." Using a similar passage takes the description of a Pharisee by Jesus on

1) ...a significant truth about this deceptive religion. When the initial band of Mormons set out to construct a tabernacle, they were disheartened to find that their favorite materials from their homelands of Missouri and Illinois, marble and oak, were not readily available in the valley of the great Salt Lake. The only resource of abundance was pine. The industrious Mormons used the pine wood but added their own special touch. They utilized expert craftsmanship to paint the pine columns to look like marble and artistically converted the pine panels to appear as though oak. To the human eye their cover up is most impressive. Yet, when one closely examines this material impersonation the truth becomes known. This physical illusion in the Mormon Church is indicative of what they also portray in the spiritual realm. They claim to believe in Jesus Christ but, like the "marble and oak," it's just another facade.

and make offerings. False religion is characterized by scribes  
A. Outward Pretense - The long clothing refers to the long flowing outward robe that indicates a man of honor or stature. Never get in hurry, never work in such garments. Greeting to the scribe

in public "Rabbi" = "My Great One" The scribe <sup>read</sup> fed their ego. Ditch on both sides of  
B. Upward Position - The chief seats were these seats in front of the ark, facing the admiring congregation no one could miss them. Sitting at the table at feast the first place to right of host is most honorable the left then right. Their pride drove them to seek

C. Inward Perversion - These leagle experts showed their inward pervers as they would use leagle ~~arrangements~~ to steal money from widows. At their doing they would offer leagle prayers not offered to God but offer to men. Don't have to seek

D. Downward Punishment - This verse indicates a greater degree of punishment for those who are included in such a false religion. "Men who rob widows and use prayer as a means of securing opportunities for committing a crime, shall" ③

III. A Faithful Example (41-44)  
Now finally we see a faithful example of true religion in the lowly widow woman.

A. The Lord's Sight - In the court of Women were 13 trumpet shaped chests where people dropped in their offerings. Jesus was watching as people ~~came~~ by and gave. Do you realize that Jesus is watching not only what we give but how we live? You may not judge your own religion, but he does. He sees not only what you ~~do~~ me but what

B. The Lady's Sacrifice - We see thru Jesus eyes the rich that cast in. Change to many coins, throw money at coffers to make loud sound. See this woman, Jesus saw so much of her. The loss of husband, the condition of her life, the meager and she gave. Vs 44

She cast in of her want, ~~is~~ Worth: ~~it's not~~ the portion, but the proportion that is important.

C. The Lesson Signified - It is an important lesson in true religion.

Vs 43. All of the hundreds of thousands of money cast in treasury did not compare to the 2 mites. not even a whole penny she gave.  
Mr 9: 41. A tired medical school student selling books was given a cold glass of milk by young woman on a hot summer day. Years later

IV. Close - In true religion it is not important that we be admired and revered by man but that we lead lives that to the omniscient eye may not be significant but to the eyes of a heavenly father are <sup>pure</sup> <sub>of</sub> <sup>no</sup> <sub>preference</sub>.

1) ...but what you hold back.

2) ...important, the rich gave out of their abundance, but the poor widow gave all that she had."

3) Mark 9:41 For whosoever shall give you a cup of water to drink in my name, because ye belong to Christ, verily I say unto you, he shall not lose his reward.

4) ...that woman was facing a dangerous and expensive surgery at Johns Hopkins university. After the surgery was a success and the medical bill came to the woman, it read, paid in full by a glass of cold milk!
